

ON MERIT GO TO WAR.

Boards Now Come for Draft.

CLARENCE HENNING.
EXCLUSIVE DISPATCH.

Exemption which he is too proud to claim for himself.
It is expected that the great percentage of discharge claims will come from married men. The law expects all men who are actually dependent on their wives to be exempted, but it will be the duty of the board to determine whether the claimant is actually dependent on his wife. It is expected that the great percentage of discharge claims will come from married men. The law expects all men who are actually dependent on their wives to be exempted, but it will be the duty of the board to determine whether the claimant is actually dependent on his wife.

The question of discharging men is giving officials considerable trouble. No official estimate has been made to define the exact number of men who will have to be discharged. It is certain that the number of men who will have to be discharged will be considerable. The question of discharging men is giving officials considerable trouble. WEDNESDAY MORNING.

ATION BILL TO PRESIDENT.

Perfection will Break All
Speed Records.

and Harbors Measure
up to the Senate.

Amendment will
be Tried for Again.

[BY A. P. NIGHT WIRE.]

WASHINGTON, July 22.—This morning the Senate will take up the long-contested food control bill.

The bill, which was introduced by Senator Charles McNary, of Oregon, and passed by the House on June 28, is expected to pass the Senate today.

The bill provides for the establishment of a food administration, which will have the duty of regulating the production, distribution and consumption of food.

The bill also provides for the establishment of a food control board, which will have the duty of regulating the prices of food.

The bill is expected to pass the Senate today, and will then go to the President for his signature.

GUARD AGAINST DEPORTED MEN.

Report Removal of Federal
Restrictions.

Bisbee Challenges Strangers
as to Business.

Redoubt Activity at Various
Camps Near There.

[BY A. P. NIGHT WIRE.]

BISBEE (Ariz.) July 22.—News that government authorities at Columbus, N. M., had removed all restrictions from the men deported from here more than ten days ago and now encamped at Columbus, had come public here this morning and was followed by redoubt activity at the various guard camps near here.

At these camps all strangers seeking to enter Bisbee are questioned and those not desired are prevented from coming in.

The government's action in removing the restrictions from the men at Columbus is interpreted here as meaning they will not be returned to this city in a body under Federal guard.

It is believed that the men who were deported from here will be allowed to return to their homes, and that the government will not attempt to remove them from the country.

THE WEATHER ELSEWHERE.

Eastern and Middle Western States
were Hot Today.

CHICAGO BUREAU OF THE
TIMES, July 22.—Eastern and Middle Western States were hot today, but relief came in the evening in the Lakes region following heavy storms that ran in streaks.

Maximum temperature in Chicago was 88 deg., but tonight it has dropped to 73 deg. New York and Washington had heavy rain and in the Middle West, Wisconsin and Iowa had hard rain, while light showers fell in other States. Medicine Hat reported 100 deg. today and 98 deg. tonight. Eastern Canada was also hot, 13 deg. higher than Los Angeles.

Temperatures elsewhere, as officially reported by the United States Weather Bureau, were as follows:

Max.	Min.	Max.	Min.
Boston	78	Phoenix	100
Buffalo	78	Pittsburgh	80
Chicago	88	Pomona	70
Cincinnati	82	Portland	70
Cleveland	82	Portland	70
Dallas	82	Portland	70
Durham	82	Portland	70
El Paso	82	Portland	70
Flagstaff	82	Portland	70
Galveston	82	Portland	70
Houston	82	Portland	70
Kansas City	82	Portland	70
Los Angeles	82	Portland	70
Madison	82	Portland	70
Memphis	82	Portland	70
Minneapolis	82	Portland	70
Mobile	82	Portland	70
Montgomery	82	Portland	70
New Orleans	82	Portland	70
New York	82	Portland	70
North Platte	82	Portland	70
Omaha	82	Portland	70

An Air Duel Four Miles Up.
[An air duel fought at four miles, probably the highest altitude at which airmen have met in combat, has just occurred on the French front. A Canadian airplane pursued a two-seater German plane. The German machine sought safety by climbing upward, and the triplane followed it. The Canadian triplane was then seen to climb out upon the tail of the machine, where the German plane plunged headlong. Then the German plane turned its nose downward and fell.]

STEELE ARTICLES.
"Pic Iron, steel billets, steel sheet kettles."

GOODS WHICH REQUIRE LICENSE FOR EXPORT.

Final List of Articles Affected by Government Em-
bargo is Issued in Washington—Food, Steel Commodi-
ties and Other Things will not be Allowed to Leave the
United States Without Express Permission.

[BY A. P. NIGHT WIRE.]

WASHINGTON, July 22.—A new official list of all the articles for which export licenses now are required was promulgated tonight by the exports council, which said in an accompanying statement that the tabulation "supercedes any unauthorized and incorrect statement hitherto published."

Although no further explanation was forthcoming, it was noted that a number of commodities announced last week by the council's advisory board as requiring export licenses are omitted or given different descriptions in the new list. The advisory board has been in direct charge of the details of administering export control, and the general understanding had been that all designations of licensed commodities would be made by the council itself.

The council's new complete list follows:

"Coal, coke, fuel oils, lubricating oil, benzol, head lantern oil, toluol, naphtha, benzene, red oil, kerosene, gasoline, including bunker, food grains, flour and meal therefrom, corn flour, barley, rice flour, rice, oatmeal and rolled oats, fodder, feeds, oil cakes and oil cake meal, malt, peanuts.

Meats and fats, poultry, cotton seed oil, corn oil, copra, coconuts, dehydrated butter, fish, dried, canned or fresh;

"Dresses—inedible or edible of animal or vegetable origin—linseed oil, lard, meats all varieties, tinned milk, peanut oil and butter, rapeseed oil, tallow, tallow cakes, stearic acid;

Germany's Expedients.
In Germany, where almost all the copper is needed by the army, some ingenious substitutes have been found for it in the peaceful arts. In house wiring, for instance, iron wire has taken the place of copper. Iron cannot, however, be used as a conductor of electricity for long distances, nor where exposed to the air, because it would rust too quickly. Nor can it be used for telephone wires. Locomotives are now built with scarcely any copper. Siemens steel taking its place. Enamelled iron is now used in breweries, kitchens and other places which had to give up their copper tanks and kettles.

MARY BROWNE LOSES AGAIN.

Miss Molla Bjurstedt is Amply Revenged.

Willie Johnston Also has His Troubles.

Westerners are Fatigued from Long Trip.

PLAINFIELD (N. J.) July 22.—The East is giggling while the giggling is good over the continued defeat of California's tennis players.

Particularly the easterners are thrilled over the manner in which Molla Bjurstedt, the national champion, has twice defeated Miss Browne, thereby getting revenge for two defeats suffered at the hands of Miss Browne in California this winter.

Yesterday at Utica, Miss Bjurstedt was victorious by the scores of 6-4 and 6-1, while today the eastern player again won, this time by scores of 6-1 and 6-4. In fairness to the westerner, it must be said that she is apparently much fatigued by her long journey from Los Angeles.

Johnston, former national singles champion and present doubles champ, with Clarence Griffin, is in wretched form, due partly to his transcontinental journey and partly to a very badly blistered hand, which bothers him a great deal in his play.

Harold Throckmorton has twice landed on the ex-champion, beating him in Utica on Friday, 4-6, 4-4, and on the local courts today, 6-3, 8-6.

Saturday Johnston managed to defeat Fred Alexander, 4-6, 6-3, 9-7, but lost to Lyn Murray, 6-2, 4-6, 9-7. In the doubles Johnston has fared little better. With Lyn Murray he defeated G. M. Church and C. S. Garland on Friday at Utica. On the same courts on Saturday he and Murray defeated Irving Wright and G. S. Wightman, 6-4, 4-6, 6-4, but were in turn defeated by Alexander and Throckmorton, 6-4, 5-7, 7-5. Today with Behr as a partner, he was beaten by the same pair, 2-6, 6-2, 8-7.

It is believed that in the course of the next few days the westerners will return to form sufficiently to do themselves justice.

LEAN SEA BASS ON EXHIBITION.

SANTA MONICA, July 22.—A 250-pound sea bass was caught by A. M. Scott, Santa Monica fisherman, after an exciting struggle of more than an hour, two miles off this shore today. According to F. S. Volk, of the Ocean Park pier, who is exhibiting the monster, it measures six feet a half long, an unusual length for a fish of its weight. Sea bass, he says, are generally more chunky, a fish five feet long often weighing more than 300 pounds.

OAKS GRAB TWO FROM THE BEES.

SAN FRANCISCO, July 22.—Oakland won two games from Salt Lake today, thereby taking the series. "Rube" Gardner, who has been with Seattle in the Northwestern League, appeared at first base for the Oaks, succeeding Ray Miller, who recently jumped.

Yesterday at Utica, Miss Bjurstedt was victorious by the scores of 6-4 and 6-1, while today the eastern player again won, this time by scores of 6-1 and 6-4. In fairness to the westerner, it must be said that she is apparently much fatigued by her long journey from Los Angeles.

BEVERLY MEN THRILL VETS.

Come Close to Taking Fall Out of Champs.

Scores are Very Even at Every Distance.

Deep Plot is Laid for the Visiting Team.

BY E. C. CROSSMAN.

Barely avoiding a deep-laid plot on the part of the Ladies Auxiliary of the Beverly Hills Rifle Club to add their team win, the ancient and honorable has-was-ers of the Los Angeles Rifle and Revolver Club managed in an uphill fight to win from the good shots of said Beverly club.

The much to be desired but doubtful result was arrived at by hitting the bull a trifle oftener than the Beverly boys did, but turning this trick compelled the locals to cut out all fancy stuff and forget all about the old reputation stuff, and shoot as if they meant to shoot.

The plot referred to consisted of a plan to entice the Los Angeles men to fill themselves full of the Beverly kind of cake you can't buy in a bakery and other dainties until they couldn't possibly lie flat on their tummies. Wherefore, various comely matrons ruthlessly saved into perfectly good Sunday cakes about 11 a.m., and set them so the scent would blow across the firing line.

The Beverly aggregation wore asstuffed sacks in their shirts to help them resist temptation. It was at this time that John Siefert made his 41 because of the difficulty of slanting one eye at the array of dainties and the other one through the sights.

There wasn't any snappy decisiveness about the win that could bring comfort to the Los Angeles outfit at the prospect of another match with the suburban club. Unless you stood and added up the four and the bull's-eyes in a cold-blooded manner, you couldn't notice any particular difference in the shooting of the two outfits. And, at that, the Beverly Hills men have been getting down to business with the Springfield fields not more than a year, and some of the Los Angeles outfit started to shoot so many years ago that they'd have been eligible for that draft had they had it in those days.

DOROTHY BURNS AN EASY WINNER.

[DIRECT WIRE—EXCLUSIVE DISPATCH.] SAN FRANCISCO BUREAU OF THE TIMES, July 22.—Miss Dorothy Burns is a competition swimmer "par excellence." In her race with Miss Frances Covella, the local speed mermaid, in the Neptune Beach tank, Alameda, there was never any question as to the winner after the first twenty yards had been covered. Miss Covella beat the gun, or at any rate tied it, but the Los Angeles girl, with a long stroke, soon closed up the margin. The time for the race was 1:11, remarkable time, considering that Miss Burns collided with another swimmer and still won by thirty feet. It may be assumed that Miss Dorfner's time of 1:04 1/2 might have been approached with a real contest.

But, the fact that the used-to-be sharks could reach handily into a bunch of gray whiskers for the little old micrometer didn't impress the Beverly boys for a cent.

HARNESS RACES ON.

DETROIT, July 22.—Sixteen races are listed on the programme for the annual grand circuit harness meeting which is to open here tomorrow afternoon. Hot weather last week put the track in splendid condition.

Three races will be run tomorrow, the principal one being a 2:14 trot for a purse of \$2000. On Thursday the free-for-all pace, worth \$2000, will be the feature and the meeting is to close on Friday with three races for purses aggregating \$4400.

RISBERG THE MIGHTY HERO.

Ex-Tiger Shows Real Class for the White Sox.

Cleveland Piles Runs up on the Athletics.

Senators and Browns Each Take a Game.

[BY A. P. NIGHT WIRE.] CHICAGO, July 22.—Charles Risberg's fielding, batting and base running, and Reb Russell's good pitching, enabled Chicago to shut out Boston. Russell allowed the world's champions but four scattered hits and only two men reached second base. Score: CHICAGO, 0; BOSTON, 0.

ST. LOUIS, July 22.—Plunk shut out Washington in the first game today and Ayres turned the tables on St. Louis, shutting them out in the second game. In the first game but one Washington player reached third. Washington drove Rothorn from the box in the second inning of the second game after scoring their five runs. The scores: First game: ST. LOUIS, 0; WASHINGTON, 0. Second game: ST. LOUIS, 5; WASHINGTON, 0.

SCADS OF RUNS.

CLEVELAND, July 22.—Cleveland broke an American League scoring record for the season when it defeated Philadelphia, 20 to 6. Bagby, who was knocked out of the box by Philadelphia Friday, shut the Athletics out for six innings when he retired with the score 11 to 0 in his favor. Philadelphia then proceeded to score six runs as a result of a fielding error.

ENTER OUR HERO.

Chief Johnson, having tomahawked the locals in such a thorough manner on Saturday, waddled into the center of the arena and took charge. Otis Crandall followed up like Mr. Baldy in a fog at the plate and the Chief walked him, forcing the run which tied the score. Killifer followed Otis' example and stuck around until the Chief withdrew, passed him his bat and forced across the winning run. Just like that!

Jack Ryan certainly had something to say about the afternoon and the Seals and the umpires spent the larger part of the day trying to find out what it was. Every time Jack would slip over a strike the batter or the umpire would make a grab for old plunk. Finally, after a long and thorough inspection, it was no avail.

SERAPHS LEAD.

Thanks to Meusel's triple in the second inning followed by a long sacrifice fly by Elia, Ryan eased in to the ninth much as Oldham had done in the morning. Jack, however, was much worried as he had spent most of the afternoon getting into a hole and then pitching himself out of it.

In the second inning a hit, a walk and an error filled the bases with nobody down and emerged spotless and unblemished, and in the eighth the first two men up singled only to perish miserably where they stood.

WOW—A TRIPLE.

It looked as though Jack had the Seals' number when Corhan, first up in the ninth, waded his bat wildly at two strikes and missed them both by a foot. Roy finally found one that he liked, however, and patted it far over Rube Ellis' classic dome up against the left-field fence for a three-base hit.

PASADENA WINS.

PASADENA, July 22.—Before a large crowd today at Carmel Park, the Pasadena Elks team defeated the baseball team representing the San Pedro Elks, by a score of 7 to 6. The feature of the game was the pitching and batting of Bagnard of Pasadena. He held the visitors to six hits and pitched a clever game. In the eighth with the score 6 to 1 in favor of the locals, the San Pedro team scored five runs on three singles and a triple. Bagnard tightened up and retired the next two men. In the ninth the locals won on Bagnard's two-base hit.

BEAVERS SPLIT AND WIN.

PORTLAND (Or.) July 22.—Oscar Harstad, pitcher, was released by Manager Walter MeCordis of the Portland Coast League club today. Harstad is a student of a local dental college and expects to get his degree. Southpaw Reuther is expected to join the Beavers in California.

CHIEF JOHNSON HANDS SERAPHS BOTH GAMES.

Pitches Ninth Inning of Each Affair and is Great Hero to Locals—Forces Two Runs Across in the Morning and is Swatted for the Winning Tally in the Afternoon. Jack Ryan Manifests Ability to Fool the Public.

BY LEEFSON BOWEN. all up like a pelted pup to hope that the Chief would him for the busy Angel pitcher, couldn't fool the Chief, however, seeing that he was wearing popped out to Fitzgerald.

THE ODD ONE.

The morning game went to the Angels, 5 to 4, and the afternoon affair went the same way, 2 to 1. The Seals' double victory Saturday put it up to the home boys to reverse matters today in order to hook the series. With the Chief's generous aid they copped both battles and took the odd game of the series.

The story of each game can be told by a description of the final inning. Had the fans but known that each game was to be decided in the ninth they could have slept longer before going to the morning affair and dalled over the fried chicken until about 5 o'clock before going out to view the second franks.

SEALS LEAD.

In the morning Otis Crandall and Red Oldham undertook to do the honors. Most of the honoring was done by Mr. Oldham, who coasted into the ninth inning with a 4 to 1 lead and seemed to be laboring under the impression that it was all over but putting the Angel hopes in the face with a spade.

While Oldham was trying to make up his mind whether he should take a wing or the gizzard the Angels came to life suddenly and the Red could muster his massive intellect and get it on the game. Jerry Downs was leading him gently, but firmly, from the scene, two being out, two runs across and the bases as full as a section hand on pay day.

HARSTAD CANNED BY THE BEAVERS.

PORTLAND (Or.) July 22.—Oscar Harstad, pitcher, was released by Manager Walter MeCordis of the Portland Coast League club today. Harstad is a student of a local dental college and expects to get his degree. Southpaw Reuther is expected to join the Beavers in California.

ODY-

[illegible]

THE CITY AND ENVIRONS.

For South Dakota Folk.

The South Dakota Society will hold its annual summer picnic at Sycamore Grove, near Saturday. Police Commissioner III.

Hon. Frank D. Owen, Police Commissioner, has been confined to his home by a serious illness, the past week. He is gradually getting better and his friends hope to see him on deck again soon.

A dance will be given this evening at the Union League Club, though the plan for monthly musicals has been temporarily sidetracked, because so many of the organization members are away on their summer vacations.

To Great Governor.

A warm welcome is promised Gov. Harding of Iowa when he arrives here, week after next, accompanied by Mrs. Harding and their little daughter, Barbara, to be the principal speaker at the summer picnic reunion of the Iowa Association of Southern California at Dixie Park, Long Beach, August 11.

For Service as Chaplains.

A few more than 100 candidates for chaplain in the great army just drafted are needed by the Catholic church to provide its quota in the apportionment between the churches, and the Diocese of Monterey and Los Angeles is entitled to furnish two of this number. Mr. P. Harnett, administrator of the diocese, has issued a call for volunteers for this service. The lists are to be completed by August 1.

GOLF HEROES WILL BE AMONG DRAFTED.

BY ALMA WHITAKER.

Larry Cowing, State champion golfer of California, has been drafted. So has C. H. Palmer, Jr., of the Los Angeles Country Club. Norman Jack of the Brentwood is also among the chosen, and so is Gerald Young of Santa Monica. Arthur Letta, Jr., is another.

And John S. Cravens and Charles E. Orr have gone to the Thousand Islands for a luxurious pleasure trip on Mr. Cravens' special car, with a large retinue of servants.

All of which were the chief subjects of conversation at the country clubs this week-end.

First round matches in the president's cup tournament at the Los Angeles Club were played off. Here are the results:

P. H. Smith won from E. H. Bagby, 3 and 2; A. J. Waters from J. Bohon, 2 and 1; Earl Cowan from H. H. Stone, 5 and 4; W. H. Young from Rev. C. T. Murphy, 1 up; S. F. Mayhew from J. C. Cooper, 4 and 3; Dr. Walter Brem from H. A. Barclay, 2 and 1; George H. Schneider from M. M. Walker, 2 and 1; Glover Beardsley from Charlie Van Loan, 3 and 2; I. W. Shirley from L. H. Billson, 1 up; D. Sale from H. P. Benson, 2 and 1; J. W. Burns from C. H. Palmer, Jr., 3 and 1; Theodore Plummer from H. H. Cooley, 3 and 2; W. W. Wille from R. G. Thomas, 3 and 2; J. F. Carlisle from G. J. Symington, 5 and 4; G. M. Walker from Walter Leeds, 2 and 1; W. R. Ror from D. M. Benbrook, 1 up; W. A. Barker from W. P. Pendleton, 1 up; Dr. H. W. Howard from H. H. Keeney, 3 and 2; F. W. McCartney from Bert Campbell, 1 up; E. H. Spearman from C. M. Mason, 2 and 1; Winsor B. Walton from A. S. Morlan, 3 and 2; Fulton Lane from S. S. Parsons, 1 up; C. W. Chase from Dr. S. Hunt, 2 and 1; H. S. Brinnit from Dr. Rea Smith, by default; S. H. Barry from Walter Cooby, by default; E. R. Young from S. P. Hunt, 4 and 2; N. W. Church from S. G. Dunlap, 3 and 2; C. H. Dale from R. S. Smith, 2 and 1; Ed Tutta from George Ellis, 2 and 1; W. G. Hunt from W. S. Becker, 4 and 6; H. Barclay Brown from M. P. Snyder, by default.

There was a tie for the class A sweepstakes between H. L. Billson and J. T. Gilmer, both of whom had 1 down on 5 and 2 handicaps, respectively. Gilmer won in the playoff.

Class B was won by F. J. Carls with 10 down, 8-2 handicap.

"Netherlands," Not "Holland."

[BY DIRECT WIRE-EXCLUSIVE DISPATCH.]

[Girard in Philadelphia Public Ledger.] Speaking of the financial aid the Netherlands gave us in the Revolution reminds me that we might as well ascribe it to the Netherlands, and not to Holland, a country that doesn't exist.

I want no better authority on that point than Edward Bok, a native of Helder, Netherlands.

He says we might, with as good reason speak of the United States as Pennsylvania.

"And why can't we stop mixing the Dutch with the Germans?"

"The sport writers refer to 'Honus Wagner,' says this dazed-in-the-wool fan, 'as the veteran Dutchman.' We refer after our troops to be sure and look those Dutchmen." We call a large part of our population the Pennsylvania Dutch.

"With our broadening international horizons, isn't this a good time to get the people of the Netherlands straight in our minds?"

CHURCH GETS NOTED PASTOR.

Dr. Carl S. Patton Accepts a Local Call.

Congregationalists Win Over Big Eastern Offer.

Seminary Wanted this Man for its President.

Dr. Carl S. Patton is to be the new pastor of the First Congregational Church, which has been without a permanent pastor since the resignation of Dr. William Horne. Dr. Patton accepted a local call from the congregation at a meeting held at the public services last night issued a formal call to Dr. Patton to take this pastorate, and it was accepted.

Dr. Patton has been supplying this pulpit for the past three weeks, and he is to preach again in this church next Sunday. Immediately thereafter he will return to his present home, in Columbus, O., and remain there until after the meeting of the Congregational National Council in that city in October. At that time the First Congregational Church of Columbus, of which Dr. Patton has been the pastor, will be the hostess for the Council. He will return to Los Angeles the first of November to assume the duties of his new pastorate.

The Congregationalists of Los Angeles last night were jubilant that they have won in a contest with the First Congregational Church of Columbus, O., where he succeeded Dr. Washington Gladden, who now holds the position for the Council. Under the administration of Dr. Patton the Columbus church developed a great corps of workers and splendid instrumental forces. Immediately after his graduation from Andover, Dr. Patton distinguished himself by joining the group of young men known from coast to coast as the Maine Band, and which did a wonderful home missionary work for five years away up on the frontier of New England, among the outlying sections of Maine. After this he was called to Andover, Mich., where he built up a great church and held the pastorate for ten years, and where he did a wonderful work among the college men of the University of Michigan.

From Ann Arbor he was called to Columbus in 1911. He is the author of several books, among them "Studies in Christian Optimism" and "Truth in Small Packages." Dr. Patton is the originator of the children's sermons, which are now a feature of morning services in Congregational churches.

SANTA BARBARA WINS.

[BY DIRECT WIRE-EXCLUSIVE DISPATCH.]

SANTA BARBARA, July 22.—Santa Barbara Elks won their eleventh straight game for the Dr. Hagan cup by defeating Whittier Elks by a score of 5 to 4. Except for the first inning, when Whittier made three of four scores on errors and passed balls, it was a fine exhibition of the American game. The time-honored Santa Barbara, who miter two three-base hits and one two-base hit, and the pitching of Whitey Church from S. G. Dunlap, 3 and 2; C. H. Dale from R. S. Smith, 2 and 1; Ed Tutta from George Ellis, 2 and 1; W. G. Hunt from W. S. Becker, 4 and 6; H. Barclay Brown from M. P. Snyder, by default.

There was a tie for the class A sweepstakes between H. L. Billson and J. T. Gilmer, both of whom had 1 down on 5 and 2 handicaps, respectively. Gilmer won in the playoff.

Class B was won by F. J. Carls with 10 down, 8-2 handicap.

At the first sign of skin trouble apply Resinol

That patch of eruption is not necessarily a serious matter! Even in severe, well-established cases of eczema, ringworm or similar affections, Resinol Ointment and Resinol Soap usually relieve the itching at once and quickly overcome the trouble completely. How much more, then, can this simple, inexpensive treatment be relied on to dispel skin troubles in their earlier stages.

Resinol Soap and Resinol Ointment are sold at all druggists. For samples of each, free, write to Dept. 133, Resinol, Baltimore, Md.

All druggists sell Resinol Soap and Resinol Ointment.

DISHWASHER SCALDED BY CLAM BROTH.

[LOCAL CORRESPONDENCE.]

SANTA MONICA, July 22.—As the result of being "in the soup," Emil Bach, dishwasher at the Bonside Terrace cafe, is in St. Catherine's Hospital suffering from a severe scalding from the waist down. The doctors say it will take him a week to recover. While he was walking from the pantry to the dishwashing machine today his way was blocked by a large copper kettle of savory clam broth. His foot slipped just at the wrong time and he sat down in the boiling hot consommé.

The unfortunate man was rushed to the hospital and clam broth was stricken from the menu today.

WILL ANALYZE COURT PLASTER.

[BY DIRECT WIRE-EXCLUSIVE DISPATCH.]

LONG BEACH, July 22.—Mrs. L. R. Thomas of No. 329 Elm avenue tonight telephoned the police that yesterday she purchased a package of court plaster from a peddler, but after reading accounts in the newspapers of the alleged activity of German agents to sell poisoned court plaster she was timid about using it. Detective Denny secured a description of the peddler and was given the packet, labeled "Army and Navy Court Plaster," which will be analyzed tomorrow for possible deadly germs.
